**BEAUTY CULTURE HINTS**

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good shampoo. You can enjoy the very best by getting some canthox from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, excess oil, and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Ad.

Louisiana Governor Determined to Get Facts "Regardless of Consequences"

PRESIDENT REASSURES HIM

By Associated Press  
Washington, Nov. 21.—Replying to a request from Governor Parker, of Louisiana, for Federal assistance in cutting off outside support and encouragement which he asserted is being received by the Ku Klux Klan organization in that State, President Harding has given assurances that wherever Federal interests were involved in the activities of the Klan there the Federal authorities were ready to extend full co-operation.

At the White House conference yesterday during which the Governor's request was made, however, it was agreed with Attorney General Daugherty and the Attorney General, Louisiana, A. W. Coope, who also attended, concurring that the State Government would be fully able to take care of the situation.

Governor Parker on leaving his conference declared that "regardless of consequences," the State authorities were determined to make a thorough investigation of reported outrages by the Klan in Louisiana.

That there prevailed in that State, however, any such situation as pictured in articles written by a staff correspondent of the Washington Post and given wide publication was vigorously denied by Governor Parker in a letter to the Post made public yesterday.

Characterizing as one of the "most amazingly inaccurate observations" he had ever read in a newspaper, the statement in these articles that the Klan "has engaged the sovereign State of Louisiana to the vanishing of the invisible empire," Mr. Parker added that the article was "a slander on Louisiana and its Chief Executive."

New Orleans, Nov. 21.—Impeachment of Governor Parker because he was not a "big enough" man to handle the Ku Klux Klan situation in this State was demanded in resolutions adopted at an indignation meeting in Hammond yesterday.

Known as a Bull Moose, Governor Parker has had a hard road to travel since becoming Governor. For the first two years of his Administration his path was smooth. Then came the Klan, Governor Parker at first leaned to the "Invisible Empire." But New Orleans friends of a different faith from the Klansmen, and who had elected him, changed his opinion.

A year and a half ago Governor Parker denounced the Klan. It only served as an incentive to get more members. Men of the old regular organization looked to the Klan. Labor men did likewise. In New Orleans it was hard to get a Klan because of the Catholics here, but the Klan propaganda went on until finally the entire Fourth, Fifth and Eighth Districts were dominated by that organization.

The Klan's boast is that it has 145,000 members and can elect anybody it chooses in a Democratic primary. The registered vote of the State in the last election was 356,000, but only 213,000 went to the polls.

Topeka, Kan., Nov. 21.—(By A. P.)—Legal proceedings which may make it unlawful for any person in Kansas to be a member of the Ku Klux Klan were forecast today in the announcement by Governor Allen that he had been assured by the State Attorney General's office that earlier proceedings against the Klan would be filed in the State Supreme Court.

It was thought at the State House that the suit probably would be begun today, as it was announced last night all papers had been prepared.

The suit against the Klan will be brought on the ground that the organization is a Georgia corporation not registered to do business in Kansas. The suit may further result in attempts to remove from office all county and State law enforcement officers known to be members of the Klan, it was said, as such a policy previously has been outlined by Governor Allen.

The proposed proceedings in the State Supreme Court recall the campaign waged by Governor Allen just prior to the recent election. At that time he stated he was determined to drive the Klan out of the State as soon as he could find out who headed the organization in Kansas.

Monroe, La., Nov. 21.—(By A. P.)—In connection with mention of Ku Klux Klan affairs in this State, authorities here last night recalled incidents of the last year which were committed by masked men.

Thomas Fletcher Richards, Watt Daniels, J. L. Daniels, W. C. Andrews and "Tot" Davenport, citizens of Mer Rouge, were kidnapped by a masked band of thirty-five or forty men last August while they were returning to Mer Rouge after attending a good roads celebration at Bastrop.

Davenport was immediately released. J. L. Daniels and Andrews were severely beaten, according to the parish authorities, and after being held prisoners in the woods for twenty-four hours, were released. Watt Daniels and Richards have not been found.

Since that time it is reported that numerous threatening letters have been received and at least half a dozen persons have been warned to leave town under pain of death, the authorities stated.

**STRATON TO PREACH AGAINST KU KLUX**

Paterson, N. J., Nov. 21.—(By A. P.)—The Rev. John Roach Straton, pastor of Calvary Baptist Church, New York, who is conducting an evangelic congress here, in reply last night to newspaper articles describing his "hotbed of Ku Klux Klanism," declared: "Even though I am a Southerner by birth, I am unalterably opposed to Ku Klux Klanism."

He qualified his statement, however, by saying that he did not object to the principles of the organization, but criticized masked and robed men and their methods. Dr. Straton said he would reply from the pulpit in Calvary Church, New York, to the attack on his church in a sermon on "What I Think of Ku Klux Klanism, Yellow Journalism and Blackguardism in General," December 3.

Many intelligent mothers overlook these few simple facts about food—

EVERY mother interested in her children's welfare meets a problem in the proper feeding of her boys and girls.

Parents often do not realize the evil effects of mal-nutrition; and that care in the selection of food will avoid a large percentage of children's ills.

One of the best of all foods for providing proper nourishment for growing boys and girls is Grape-Nuts—made of whole wheat flour and malted barley, and scientifically baked for twenty hours. This long baking brings out a delicious flavor, makes the food easy to digest—without fermentation. Grape-Nuts with milk or cream is a complete food.

Here is a suggestion for better health: Serve Grape-Nuts as often as the folks wish it.
